The world is warming up, and faster than it used to

By Samuel Gunawan

Every since...

+1.28°C global temperature

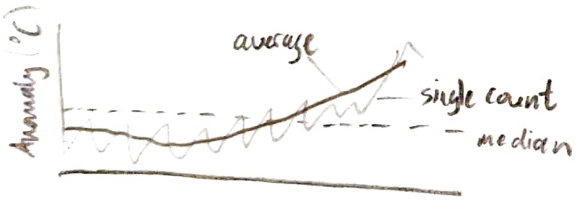

10 of 10

The world is warmer

194 of 194 countries

+1.3°C warmer globally

How it took off:

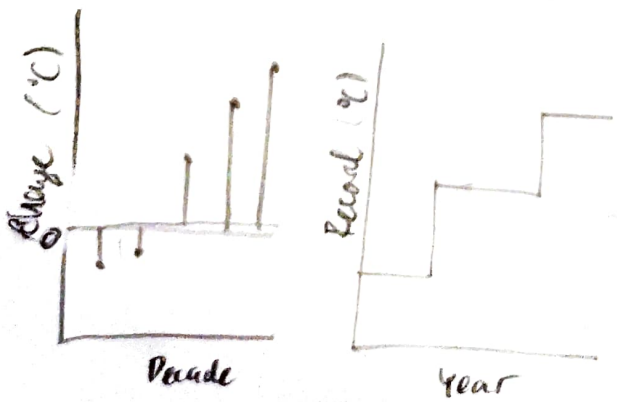

Monthly difference:

Blue Cold — Hot red

How it sped:

How much warmer

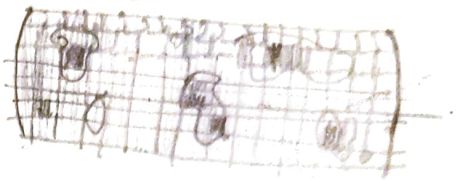

48°

How much warmer

(choropleth)

Warming rate

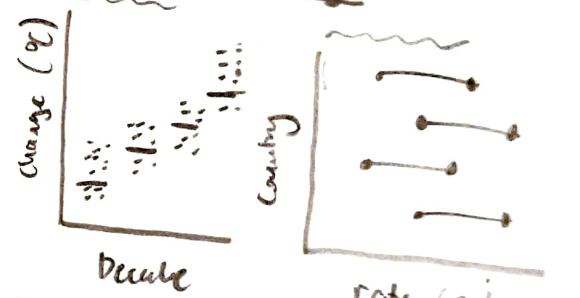

(bin map)

Warming acceleration

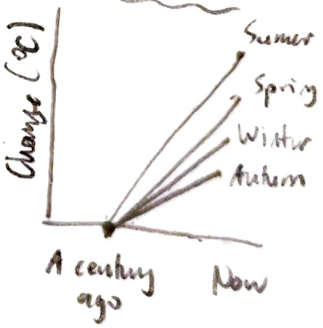

(proportional symbol)

Every country's warming

Australia's warming

Night v.s Day

Conclusion

1.5°C
161/194 countries
